

Longo & Co

Arctic Mini 30L

SOFT SERVE FREEZER

Single Flavor, Countertop, Digital Control

Powerful and Versatile

Single flavor high capacity countertop model for ice cream, frozen yogurt and much more

Fast Freeze Down

Patented high efficiency heat exchanger allows fast freeze down with low energy consumption

Digital Control and Display

Microprocessor control provides access to system settings and additional functions. Digital interface displays critical info as system status, temperatures, dispense count, errors, etc.

Auto Programming

Allows automatic switching of operation modes based on preset schedules

Standby

Maintains product temperature in both mix hopper and freezing cylinder below 4.4°C (40°F) overnight

Hopper Agitator

Maintain product consistency and prevent product separation

Ideal for high capacity outlets to serve ice cream, frozen yogurt, gelato or sorbet. Fully loaded with all standard options. Small footprint saves counter space.

Soft System Start

Slow motor start reduces equipment noise and stress on drive train

Direct Drive Transmission

Eliminates consumable moving parts and increases transmission efficiency

Quick Refreeze

Turn on freeze immediately to freeze down to serving viscosity when quick service is required after long idle period

Self Closing Valve with Speed Control

Automatically prevents product overflow after dispense; Provides flexibility in dispense rate control

Safety Protections

- Low temperature and motor overload shutoffs to protect in the event of cylinder freeze up
- High pressure switch to prevent compressor overheating
